Melamine **lockers** are suitable for any space. They stand out for their elegance and robustness. Due to they are widely used in changing rooms, premises, offices, corridors or visiting areas, institutions, offices, etc.

The different fronts, finishes and locking systems allow for varied and multipurpose configurations for use in any space.

**ACTIU**

[www.actiu.com](http://www.actiu.com)

*Design goes beyond aesthetics: innovation, space and furniture go hand in hand to create environments that are friendlier, more comfortable and more motivating for people: environments that are more dynamic, fresh, creative, ergonomic and functional.*

*A business philosophy in which design is part of our DNA, as we apply it to every facet of the company: products, architecture, projects, brand, communication, work spaces ...*

**LOCKERS**
