Product Brochure

Tier

A collection of 2 and 3 tier auditorium seating modules with the power to enhance collaborative environments. Inspired by Greek architecture Tier is designed to facilitate small personal huddle groups to large-scale presentation environments. The 2 and 3 tiered seating modules can be configured and flexed to create multiple space settings. The back and side end-run balustrades offer semi-visual privacy and points the users focus forwards, whilst adding seating security. The birch ply enhances the product aesthetic whilst adding robustness.
