

MEETING
& SHARED SPACES

CREATING VALUE THROUGH COLLECTIVE THINKING

Through a search for collective intelligence, meeting spaces are in flux. Adhering to a more relaxed and progressive way of thinking, modular meeting spaces are emerging with the purpose of sparking creativity and favouring spontaneous exchanges. High tables, mobile and modular lounge furniture, compact and easy to move seating are all now coming to populate meeting spaces. As for traditional meeting rooms, these now come furnished with larger tables, practical and aesthetically pleasing connectivity solutions, as well as comfortable chairs.

Look no further than EOL for solutions to each of these requirements. MODULO lends a touch of tradition and elegance to your meeting rooms. With E-MEETING and its integrated multi-media wall, it is a more modern and cutting-edge approach that you will be embracing.

FURNISHING EMERGING TRENDS

Currently in full flux, spaces originally dedicated exclusively to restaurant type uses are gradually opening up to new uses.

More mobile than ever, seeking out spaces for gatherings or to concentrate in, employees intuitively head for the restaurant area in pursuit of relaxation, to conduct informal exchanges or even a business meeting...

At the heart of this new trend, furnishing concepts that are adaptive, versatile, convivial, and where comfort blends with the aesthetically pleasing.

Here at EOL, this trend has not gone unnoticed.

We offer you modular and flexible product ranges, allowing for a quick and easy reconfiguration of your spaces thanks to our flip-top and folding tables.

The OUTDOOR and EVASION furniture ranges will enable you to create spaces that are modern, inviting and cosy.
