DESIGNER ERIK MUNNIKHOF

DESIGN LINKED TO FUNCTIONALITY

Casala specialises in the production of stylish contract furniture that excels in both design and functionality. "Design linked to Functionality" is deeply rooted within our DNA and plays a major role in the design process. We work together with leading designers in our industry. More than hundred years of experience in furniture guarantees that Casala furniture offers a lot of comfort and ease of use in addition to high quality.

Erik Munnikhof sees it as his never-ending mission to combine the different aspects of good design, from ergonomics to economy. He studied Design in Delft, and has received many awards for his work. The idea of continual improvement is what drives him on to perfect each new draft. Since 2009, Erik has been an independent designer and also supervises students and young designers on various projects.

NL

Het combineren van diverse aspecten van design, van ergonomie tot functionaliteit, ziet Erik Munnikhof als een continu proces. Hij studeerde Design in Delft en is sindsdien veelvuldig onderscheiden voor zijn ontwerpen. De gedachte, dat een ontwerp altijd nóg beter kan, is zijn drijfveer bij elke opdracht. Sinds 2009 is Erik zelfstandig ontwerper en begeleidt hij ook studenten en jonge ontwerpers bij uiteenlopende projecten.

DE

Die verschiedenen Aspekte guten Designs miteinander zu verbinden, von der Ergonomie bis zur Wirtschaftlichkeit, sieht Erik Munnikhof als eine immerwährende Aufgabe. Er studierte Design in Delft und wurde später für seine Arbeiten vielfach ausgezeichnet. Die Idee, es immer noch ein bisschen besser zu machen, ist die Triebfeder für jeden weiteren Entwurf. Seit 2009 ist Erik als selbstständiger Designer tätig und betreut auch Studenten und junge Designer bei verschiedenen Projekten.

FR

Pour Erik Munnikhof conjuguer les différents aspects d'un bon design en prenant tout en compte, de l'ergonomie à la rentabilité, est une tâche qu'il se pose au quotidien. Il a fait ses études de design à Delft et a déjà été plusieurs fois récompensé pour ses créations. Pour Erik Munnikhof, chaque nouvelle conception est toujours l'occasion de faire un peu mieux. Depuis 2009, Erik est un designer indépendant et supervise également des étudiants et de jeunes designers sur divers projets.

METRO CONNECTING PEOPLE

Meetings, training sessions, lunches, discussions and presentations take place in every organisation every day. At a good table, employees are informed and trained, ideas are born, decisions are made and milestones celebrated. All activities for which an appropriate table is an essential part.

NL

In iedere organisatie vinden dagelijks vergaderingen, trainingen, lunches, besprekingen en presentaties plaats. Aan een goede tafel worden medewerkers geïnformeerd en opgeleid, maar worden ook ideeën geboren, besluiten genomen en mijlpalen gevierd. Allemaal activiteiten waarbij een passende tafel een essentieel onderdeel is.

DE

In jedem Unternehmen finden täglich Besprechungen, Schulungen, Mittagessen, Diskussionen und Präsentationen statt. An einem Tisch werden Mitarbeiter informiert und geschult, aber es werden auch Ideen geboren, Entscheidungen getroffen und Meilensteine gefeiert. Alle Tätigkeiten, für die ein geeigneter Tisch ein wesentlicher Bestandteil ist.

FR

Des réunions, sessions de formation, déjeuners, discussions et présentations ont lieu quotidiennement dans toutes les organisations. Autour d'une table, les employés échangent et sont formés, des idées voient le jour, des décisions sont prises et des réussites sont célébrées. Autant d'activités pour lesquelles une table adéquate joue un rôle prépondérant.

METRO MODULAR TABLE

The ingenuity of Metro can be found mainly in the frame. The smart combination of profiles and connecting elements makes Metro a table with unlimited possibilities.

NL
Het vernuft van Metro bevindt zich vooral in het frame. De slimme combinatie van profielen en verbindingselementen maakt van Metro een modulaire tafel met onbegrensde mogelijkheden.

DE
Der Einfallsreichtum von Metro ist vor allem im Gestell zu finden. Die intelligente Kombination von Profilen und Verbindungselementen macht Metro zu einem Tisch mit unbegrenzten Möglichkeiten.

FR
L'ingéniosité de Metro réside principalement dans son châssis. La combinaison intelligente de profilés et d'éléments de connexion fait de Metro une table aux infinies possibilités.

DESIGN LINKED TO FUNCTIONALITY

METRO FRAME

Metro's frame consists of tubular steel profiles in various lengths and aluminium connecting elements in a T-, X- or Y-shape. The profiles can be linked in many ways, creating a completely individual metro network. Metro is available in a standard, counter and bar height.

NL

Het onderstel van Metro bestaat uit stalen buisprofielen in diverse lengtes en aluminium verbindingselementen in een T-, X- of Y-vorm. De profielen kunnen op vele manieren worden gekoppeld, waardoor een geheel eigen metro-netwerk ontstaat. Metro is verkrijgbaar in standaard, balie- en stahoogte.

DE

Das Gestell von Metro besteht aus Stahlrohrprofilen in verschiedenen Längen und Aluminium-Verbindungselementen in T-, X- oder Y-Form. Die Profile können auf vielfältige Weise miteinander verbunden werden, so dass ein eigenes Metro-Netz entsteht. Metro ist in Standard-, Theken- und Stehhöhe erhältlich.

FR

Metro comprend des profilés tubulaires en acier et des connecteurs en aluminium de forme T, X ou Y. Les profilés peuvent s'assembler de nombreuses manières, en créant un réseau de métro complètement unique. Metro est disponible en hauteur standard, comptoir et bar.

METRO LEGS & CONFIGURATIONS

Metro's table legs have a single or double profile and are made of oak, steel or a combination of both. This makes Metro unique in its kind. Metro's configurations are realised with a double leg.

Double leg wood/wood

Double leg steel/steel

Double leg wood/steel

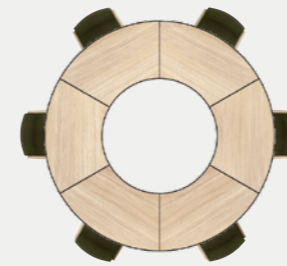

Single leg wood

Single leg steel

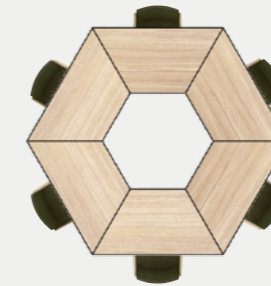

NL
De tafelpoten van Metro kennen een enkel of dubbel profiel en zijn vervaardigd uit eikenhout, staal of een combinatie hiervan. Dit maakt Metro uniek in zijn soort. De configuraties van Metro worden gerealiseerd met een dubbele poot.

DE
Die Tischbeine von Metro haben ein einfaches oder doppeltes Profil und sind aus Eiche, Stahl oder einer Kombination dieser Materialien gefertigt. Dies macht Metro in seiner Art einzigartig. Die Konfigurationen von Metro werden mit einem Doppelbein realisiert.

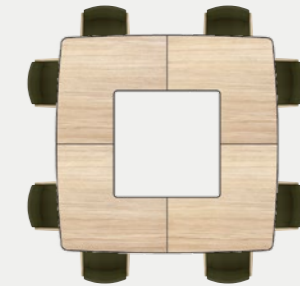

FR
Les pieds des tables Metro ont un simple ou double profilé et sont fabriqués en bois, en acier ou dans une combinaison des deux. Cela fait de Metro une table unique en son genre. Les configurations de Metro sont réalisées avec un pied double.

CONFERENCING IN ANY DESIRABLE SETTING

Today conferences are multimedia events where tablets, laptops, projection and sound installations are often used. For this Metro can be used separately or in configuration. Metro is fully in line with modern needs and can be equipped to your need with ethernet ports and power supply among others.

NL

Conferenties zijn tegenwoordig multimedia-congressen waar vaak tablets, laptops, projectie en geluidsinstallaties worden gebruikt. Hiervoor kan Metro separaat of in configuratie worden ingezet. Metro sluit volledig aan bij de moderne wensen en kan naar wens worden uitgerust met o.a. ethernetpoorten en voeding.

DE

Konferenzen sind heutzutage Multimedia-kongresse wo Tablets, Laptops, Projektoren und Schallschutzinstallationen eingesetzt werden. Hierfür kann Metro separat oder in Konfiguration verwendet werden. Metro erfüllt die Anforderungen an moderne Ausstattungen und kann u.a. bestückt werden mit Internetzugang und Stromanschluß.

FR

Aujourd'hui les conférences sont des événements multimédias où les tablettes, les ordinateurs, la vidéo-projection et les systèmes audio sont très souvent souhaités. C'est pourquoi Metro peut être utilisée seule ou en configuration. Metro est parfaitement en ligne avec les besoins actuels et peut être équipée, entre autres, de port Ethernet et électrification.

MELAMINE & HPL INFO

The standard Casala tabletop collection consists of 13 standard colours divided between melamine & HPL and Fenix NTM. With melamine & HPL there is a choice of 1 x finish with smooth structure (VV), 3 x solid colours (SD) and 6 x wood finishes with grain structure (NW). The melamine and HPL options are produced by Pfleiderer and are carefully selected from the Duropal, Wodego and Thermopal collections.

With Fenix NTM, there is a choice of 3 matt structures. The Fenix NTM properties not only provide a soft feel matt surface, but also hides fingerprints and allows small superficial scratches to repair themselves. Please contact Casala sales support.

Casala is certified according to international quality marks PEFC™ or FSC®. These quality marks guarantee all wood- or wood based products, in our table tops, are originated from sustainably managed forests. Ask for our PEFC™ and FSC® certified products.

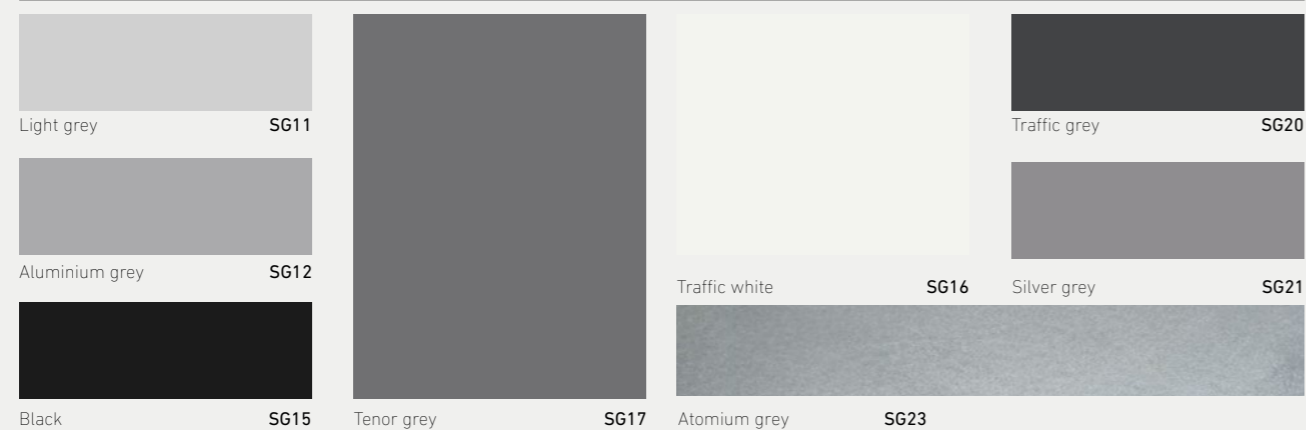

SOLID TABLETOPS INFO

The high-quality oak wood that we process comes from certified suppliers in Europe. This type of wood can be finished with a transparent matt lacquer or stain colour. Our oak wood is of premium quality with hardly any knots present. The tabletop is made up of several carefully selected parts. This makes the tabletop look natural. However, small colour differences cannot be excluded. This is inherent to a natural product.

METRO FINISHES

The tubular steel frame and connecting elements are finished with white powder coating SFT02. The table legs can be executed in standard Casala powder coat colours. Alternative colours on request.

SILK GLOSS

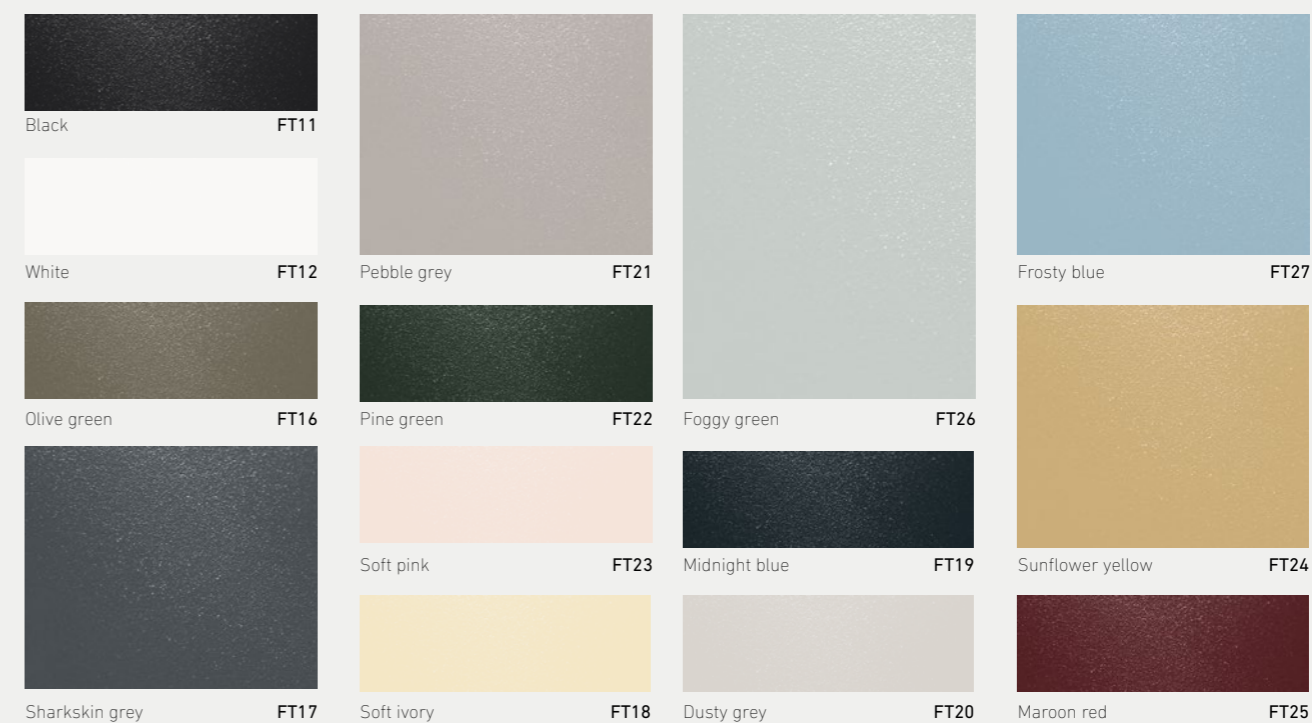

SOFT TOUCH

The colours in this publication may differ to the original product. We recommend requesting a product sample via www.casala.com/samples.

FINE TEXTURE

POWDER COAT INFO

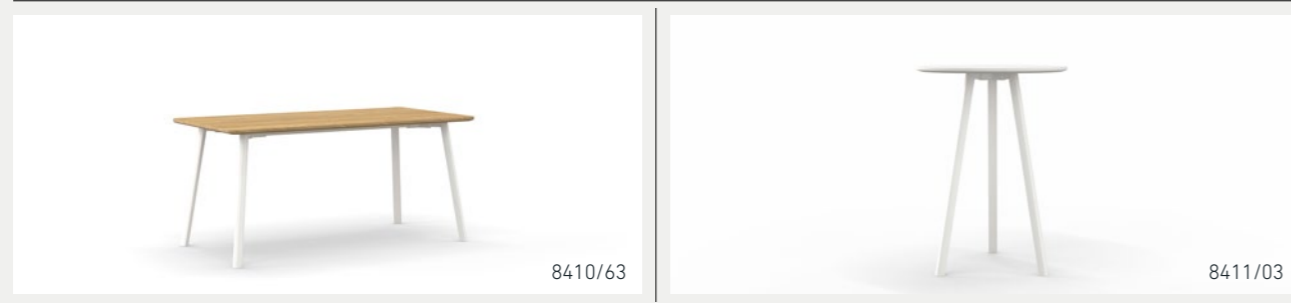

The powder coating used, does not contain toxic substances or components that hold heavy metals. During the production process, the redundant powder is intercepted and re-used in our production process.

Powder coating colours that are not standard to the Casala collection can be used at the customer's request. Special powder coat colours on request only.

The additional price varies by colour and order quantity. When the colour is received, a sample will be produced, which will be sent to the client for approval. After approval the order will be finalized, the lead time after approval is approximately two weeks.
