

Kelly RAC

One of Ireland's leading HVAC and Refrigeration Companies. Kelly RAC fit out your space cleanly, quickly, and efficiently. We guide you on effective system operation, and we stay with you as your environmental control partner. To us that relationship is important, but even more important for you is that you will be working with an experienced and competent team

BACKGROUND

M2 Office embarked on a project with Shiley Bredin Interiors, to rejuvenate and upgrade their workspace. Collaborating closely with the interior designer Shirley Bredin, we carefully tailored our approach to meet the client's specific requirements.

ABOUT THE PROJECT

M2 Office took charge of supplying all furniture elements, ensuring each piece harmonized flawlessly with the colour pallet chosen by Shirley and the overall aesthetic vision.

M2 Office also supplied the carpet tiles on the upstairs landing and the flooring in the canteen area.

Throughout the project, collaboration remained key. M2 Office worked hand in hand with Shirley, leveraging our expertise to refine and execute their vision with precision and finesse.

RESULTS

By supplying furniture that seamlessly aligns with her vision, we've contributed to creating a workspace that not only meets but exceeds expectations, fostering productivity, comfort, and aesthetic appeal.

Kelly RAC

“Our new office and canteen areas have had such a positive impact on all of our Kelly RAC employees, the office areas are light, bright and create an invigorating working area while the canteen gives the staff time away from work in a modern, relaxing and comfortable kitchen environment.”

Aoife O’Hanlon
HR & Office Manager, Kelly RAC
